INTRODUCTION TO **METAFACILITATION®** INTERVIEW TECHNIQUE FOR COMMUNITY DEVELOPMENT AND BEYOND

2:20-4:00PM
OCTOBER 24, 2023

GREEN COMMONS J103

Understanding the unique challenges of communities is critical, but how can we identify them? This seminar introduces Metafacilitation®, an innovative interview technique designed to uncover the underlying realities of communities. Whether you are interested in community development or effective communication with your friends, family and colleagues, this seminar is for you!

SPEAKER MR. NOBUAKI WADA

Born in Tokyo in 1950, he is the inventor of Metafacilitation® and a founder of NPO MuranoMirai. He served as the Executive Director of MuranoMirai until 2015. He has been involved in community development projects in India and Nepal, as well as project evaluations and research as an expert for JICA and the former Japan Bank for International Cooperation. He is the author of the book, "Reaching Out to Field Reality."
